

Press Release

e-Ventus Corporation Joins Glovia Affiliate Program.

El Segundo, Calif., and Cleveland, Ohio, - April 15, 2002 - Glovia International, Inc., today announced that e-Ventus Corporation has been selected as a value-added reseller in the new Glovia Affiliate Program. e-Ventus Corporation, a leading solutions provider and systems integrator, will serve the Midwest and Southeast regions with Glovia ERP solutions, glovia.com and glovia.e. Specifically, e-Ventus will service customers in Ohio, Kentucky, Tennessee, Alabama, Mississippi and South Carolina. Glovia International, Inc. is the business-to-business, e-Commerce subsidiary of Fujitsu Limited.

"Boasting the largest concentration of Glovia technical and business resources east of the Mississippi, e-Ventus Corporation is uniquely positioned to augment the efforts of Glovia direct sales and professional services teams. The company has a proven track record of success in its region and moving forward, we feel their market leadership will continue. e-Ventus is our choice for a partner to help drive Glovia ERP sales," said Shirley Hudson, director of strategic relationships at Glovia.

With an executive team with over 30 person-years of experience with Glovia ERP solutions, e-Ventus Corporation is a single source for Glovia services providing Glovia deployment strategy, Glovia business process modeling, Glovia business consulting, Glovia system implementation, Glovia training, Glovia system enhancement and Unix and Oracle upgrades.

According to Joe LaMantia, president of e-Ventus Corporation, "As an affiliate program member, we will be able to provide our existing Glovia clients with an even higher level of service. This alliance with Glovia will allow us to combine our strengths in strategic planning and consulting, project management, and systems integration with Glovia's leading edge products. The value equation that we will be able to offer to our clients and prospects in the automotive, electronics and telecommunications sectors will set the bar for the ERP industry."
